

Advance Psychiatric Directives - Mental Health Association of Okaloosa-Walton Counties, Inc.

Service Type
Healthcare
Mental
Counties
Okaloosa

This program is for persons who might not be able to make their own treatment decisions some time in the future. Advance Directive is a document that lets you name a friend or family member (Health Care Surrogate) to carry out your wishes. It can be prepared without a lawyer. It must be witnessed by two adults. This is a free program.

Please call the office for more information.
