In years past, the Loaves and Fishes program has served over 44,000 meals. Through the “Loaves and Fishes” program, Rescue Outreach Mission provides two meals a day, five days a week, to residents of our shelters and anyone in the community who says they are hungry. There are no requirements, no qualifications, nothing to sign.

Rescue Outreach Mission was founded in 1986 by Mother Blanche Bell Weaver while she served as pastor of the Rescue Church of God. Mother Weaver saw desperate people in her community living without the basic essentials and with the support of her church and its members she set out to help those in need. The mission now focuses on helping men and women return to self-sufficiency by providing transitional housing and case management.

We give out free groceries to families in need every Monday and Thursday from 10:30am - 1:00pm.
