

## **Adult Health Care**

This program provides physicals for employment and school entrance. They provide adult immunizations. Patients can get TB skin testing.

Screenings for chronic disease (hypertension, diabetes, heart disease) are done at the Adult Health Clinic and on a mobile unit.

Medications for Epilepsy, Diabetes, and HIV are provided through special state programs.

Appointments are made by phone. English/Spanish/Haitian Creole languages spoken.

941.748-0747

## **Provider**

URL

<https://manatee.floridahealth.gov/index.html>

The role of public health is to promote and protect the health and safety of all Floridians.

This is done by:

- detecting, investigating, and preventing the spread of disease;
- ensuring that health care practitioners meet the requirements for providing adequate care;
- identifying health risks in the community;
- informing the public on health issues;
- maintaining a safe and healthful environment;
- promoting healthy lifestyles;
- providing primary care for individuals with limited access to such care from the private sector;
