

[Project Lifesaver - Alzheimer's Family Services, Inc.](#)

This program provides Alzheimer's or dementia patients with a GPS tracking device. If the patient gets lost or wanders off, they can be tracked by law enforcement personnel. They can usually be found in an hour. AFS will supply these devices free of charge. They will cover the monthly maintenance fee if the family cannot afford it. Please call 850.478.7790 for more information.
