

[Early Steps Early Programs- Johns Hopkins All Children's Specialty Care](#)

This program has early intervention services for children from birth to age 3. They are referred by family, doctors or area agencies due to suspected developmental delays. Early Steps services are based on evaluations and the family's concerns, resources and goals. Services are provided where the family and child live, learn and play. Most services will be early intervention home visits.

Please see the website for more details.
