

Operation PAR - Medical Detoxification

This facility treats adults who voluntarily agree to enter the program. The Inpatient program is located in Clearwater. It treats people who are dependent on drugs or alcohol. The length of stay varies between 72 hours to 6 days. Patients have 24-hour medical care.

The Outpatient program is for those clients who are not in need of inpatient treatment. The length of treatment for this program is between 10 and 14 days. Clients may receive room and board if they are homeless or not living in a supportive environment.

Please see the website for more details.
