

Help Line

"Our Help Line program is our current resource designed so students can get Help Now through our resource guide or calling our local number. A lot of students do not know the resources that are available to them and we strive to get that information to them. We assist students in getting into the shelter that they qualify for and if needed we will pay for an Airbnb the night before the shelter takes in new people. We will also help the student get to the shelter within consideration. In some cases, the student just needs a ride to the shelter but in others the student may need to have drug testing done to enter and we help in these areas."
