

Emergency & Transitional Housing - St. Matthew's House

This group has emergency shelters and transitional housing for those in need. There are three shelters for single adults and families who are facing homelessness. Clients will have their own caseworker. The transitional housing program is for two years and helps those who are coming out of shelter to build credit and savings for their futures. The group works to help people find security and get back on their feet. Please call or visit the [website](#) to learn more.
