

## **Find a Ride - Safe Mobility For Life**

The FDOT runs the Safe Mobility for Life Program. One service they offer is called Find a Ride Florida. It offers seniors access to local medical and non-medical transportation options. This is to help make sure they can remain independent within their communities. Find a ride does not offer any services. The program just helps people find transportation providers in their area. Please call or visit the [website](#) for more information.
